Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Re: Petition to revive under 37 CFR 1.137 in response to Notice of Abandonment dated 12/28/2005

Dear Mr. Wilson:

Thank you for the above-identified Notice of Abandonment in view of failure to timely file a proper reply to the office letter mailed on 12 May 2004. My reply was received on 04 August 2004.

Further to our telephone conversation on the January 12, 2005 regarding petition to revive the above-mentioned patent application, will you kindly consider my request according to the following explanation that it was unintentional, and that the Examiner was contacted on the June 11 before the expiration set in your Notice of Abandonment which is June 12, 2004 :

1- In the previous Office Actions received related to this application the period of reply was usually 3 months. But unfortunately, this period of reply was a shortened statutory period for reply of 1 month!

2- I am a Pro Se inventor, my address for correspondence (Al-Jassim Rawaa in Illinois) is my sister. She has no computer skills; her 15 years old son Firas (firzu89@yahoo.com) is helping her in sending Office Actions by E-mail attachments. Thankfully, they are helping to bring a useful invention to the suffering patients. She has tried to send it several times, but I was unable to open it probably because of the local internet limitations. This is evident from the two attached emails: i- is an email from Mrs. Al-Jassim on the June 09, 2004 with an attachment of the patent forms (as she is calling the Office Action), with a copy to firzu89, I was unable to open this attachment and asking her to resent it. ii- my

P4

email dated June 11, 2004 indicating that he have resent it in an Acrobat Reader Format and was opened.

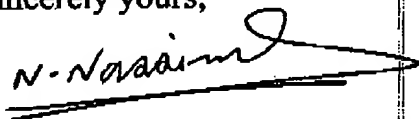

3- when I have printed the attachment I was shocked by the period of reply that was 1 month only! I have contacted the Examiner Mr. Patrick T. Lewis (phone number 571-272-0655) on Friday June 11, 2004 and discussed the subject of extension of time under the provision of 37 CFR 1.136(a) as mentioned in the top notice of the PTOL-326 Form. The Examiner agreed on 3 months time extension. Also, I have asked him whether I need to file any form or pay any fee, his answer was that there are no need to do so.

A fax letter was sent to the UPPTO above-identified fax number on the Monday June 14, 2004

I am interested in maintaining my patent in the USPTO Office and asking you kindly to consider Petition to revive under 37 CFR 1.137(a).

Best regards

Sincerely yours,

Te Inventor/applicant
Nida Nassief
